INTRODUCTORY NOTE

1. As a step toward assisting the readers to make the maximum use of its resources, the Library has undertaken to issue in several parts a list of periodicals and certain serials it currently receives.* Each part will be devoted to a broad subject area. This first part in the projected series lists periodicals dealing with Law.

2. Arrangement

Periodicals are listed alphabetically by their latest title. However, if a periodical or serial is issued by a government agency, it is entered under the name of that agency. Similarly, if a title consists of a single generic word such as bulletin (boletim, boletin), journal, review (revue, rivista) etc., it is entered under the name of the issuing organization. A reference is made in all such cases from the title to the name of the issuing organization.

3. Bibliographic Data

Bibliographic data which are provided for each title include the place of publication, the frequency of issuance (see list of abbreviations) and the volume number and/or the year of the beginning of the Library's holdings. In the case of periodicals which are not retained indefinitely, the number of years for which the title is kept is shown rather than the volume number and/or the year of the beginning of the Library's holdings. Appropriate information is provided in a note when a periodical contains text in more than one language, or is issued in different language editions etc.

4. Loan and Circulation

Location of the periodicals is shown by the call number or the notation "Unclass." at the beginning of each entry. When a call number includes the prefix LSA, the periodical is located in the Legal Branch Library and may be obtained from Room 3455, extension 2512. All other perio-

* They supersede the List of periodicals and newspapers received, March 1957 (ST/LIB/SER.B/7)

NOTE LIMINAIRE

1. Dans le but d'aider les lecteurs à tirer le meilleur parti des possibilités qu'elle offre, la bibliothèque a entrepris de publier en plusieurs parties une liste de périodiques et de certaines publications de série qu'elle reçoit régulièrement.* Chaque partie sera consacrée à un sujet d'ensemble. La présente partie, première de la série projetée, est consacrée aux périodiques traitant de questions juridiques.

2. Disposition matérielle

Les périodiques sont classés dans l'ordre alphabétique de leur titre le plus récent. Toutefois, lorsque des périodiques ou des publications de série sont éditées par un organisme gouvernemental, ils sont classés sous le nom de cet organisme. De même, lorsqu'un titre ne comprend qu'un seul mot générique tel que bulletin (boletim, boletin), journal, review, (revue, rivista), etc., il est classé sous le nom de l'organisation éditrice. Dans tous les cas de ce genre, le lecteur est renvoyé du titre de la publication au nom de l'organisation éditrice.

3. Renseignements bibliographiques

Les renseignements bibliographiques fournis à propos de chaque publication comprennent le lieu d'édition, la périodicité (voir liste des abréviations), le numéro du tome ou du millésime (ou du tome et du millésime), la collection de la bibliothèque. Dans le cas de périodiques qui ne sont pas conservés indéfiniment c'est le nombre d'années pendant lesquelles les publications sont conservées qui figure dans les renseignements et non pas le millésime ou le tome initial de la collection de la bibliothèque. Lorsqu'un périodique contient des articles rédigés en plusieurs langues ou lorsqu'il est publié en plusieurs éditions de langue différente, etc. ce fait est mentionné en note.

* Cette liste remplace la List of periodicals and newspapers received, March 1957 (ST/LIB/SER.B/7)

dicals are located in the Main Library and may be obtained from Room L-1B-10, extension 810. Staff members may also arrange for any periodical to be circulated to them. Requests for circulation should be directed to the Chief, Stack and Loan Section, Room L-105, extension 2075.

5. Indexes

The list is provided with a subject index and a country of publication index. Both the indexes refer to the serial numbers of the entries in the main part of the list.

6. Supplements

The lists will be kept up to date by issuing supplements at appropriate intervals.

7. Comments and suggestions for improvement of the periodicals collection would be appreciated and should be addressed to the Director of the Library.

4. Prêt et circulation

La place d'un périodique prêté est indiquée par la cote topographique ou la mention "Unclass", au début de chaque notice. Lorsque la cote topographique comporte le préfixe LAS, le périodique se trouve au fonds juridique; le demander au Bureau L-105, poste 2519. Tous les autres périodiques se trouvent à la bibliothèque principale et peuvent être demandés au Bureau L-1B-10, poste 810. Les membres du personnel peuvent également demander à ce qu'on leur fasse le service de tel ou tel périodique. Ces demandes doivent être adressées au chef de la Section des magasins et du prêt, Bureau L-105 A, poste 2075.

5. Index

La liste est accompagnée d'un index des matières et d'un index des pays d'édition. Ces deux index renvoient aux numéros d'ordre des notices dans la partie principale de la liste.

6. Suppléments

Les listes seront tenues à jour au moyen de suppléments qui paraîtront de temps en temps.

7. Les lecteurs qui auraient des remarques ou des suggestions à formuler en vue d'améliorer la collection des périodiques sont cordialement invités à les adresser au Directeur de la Bibliothèque.

SUBJECT INDEX

The subject index indicates the legal topics and areas of law which a periodical as a whole covers. Hence the large number of periodicals which are indexed under the term "General", which means that they "generally discuss the law of the country" where they are published.* For that reason, titles indexed under that term have also been indexed under the name of the appropriate national law (e.g. Albanian law, Belgian law, etc.).

Numbers refer to the serial numbers of the entries.

INDEX DES MATIERES

L'index des matières indique les questions juridiques et les domaines du droit dont il peut être traité dans un périodique donné : d'où le grand nombre de périodiques qui sont répertoriés sous la rubrique "général", car ils "traitent d'une manière générale du droit en vigueur dans le pays" où ils sont publiés*. Pour cette raison les périodiques qui figurent dans l'index sous cette rubrique y figurent également sous la rubrique relative au droit du pays correspondant (par exemple, droit albanais, droit belge, etc.).

Les numéros renvoient au numéros d'ordre des notices.

INTRODUCTORY NOTE

1. As a step toward assisting the readers to make the maximum use of its resources, the Library has undertaken to issue in several parts a list of periodicals and certain serials it currently receives.* Each part will be devoted to a broad subject area. This second part in the projected series lists periodicals dealing with Public Administration and Management.

2. Arrangement

Periodicals are listed alphabetically by their latest title. However, if a periodical or serial is issued by a government agency, it is entered under the name of that agency. Similarly, if a title consists of a single generic word such as bulletin (boletim, boletin), journal, review (revue, rivista) etc., it is entered under the name of the issuing organization. A reference is made in all such cases from the title to the name of the issuing organization.

3. Bibliographic Data

Bibliographic data which are provided for each title include the place of publication, the frequency of issuance (see list of abbreviations) and the volume number and/or the year of the beginning of the Library's holdings. In the case of periodicals which are not retained indefinitely, the number of years for which the title is kept is shown rather than the volume number and/or the year of the beginning of the Library's holdings. Appropriate information is provided in a note when a periodical contains text in more than one language, or is issued in different language editions, etc.

4. Loan and Circulation

Location of the periodicals is shown by the call number or the notation "Unclass." at the beginning of each entry. All periodicals which have either X or "Unclass." as part of their call number are located in the periodical stacks and may be obtained from Room L-1B-10, extension 830. Periodicals or serials which have a UDC call number (e.g. 350(058) A61) are located in the main stacks and may be obtained from the Loan Desk, Room L-105, extension 2695. Periodicals or serials whose call number

INTRODUCTORY NOTE

1. As a step toward assisting the readers to make the maximum use of its resources, the Library has undertaken to issue in several parts a list of periodicals and certain serials it currently receives.* Each part will be devoted to a broad subject area. This third part in the projected series lists periodicals dealing with Economics and Statistics. In Economics, it lists mainly periodicals which contain articles incorporating theoretical analysis and empirical studies. Periodicals which are primarily intended to furnish economic data concerning national or international economic situation are, with a few exceptions, not listed. In Statistics, it lists periodicals which deal with statistical theory and method, and not those which contain actual statistical data. Periodicals issued by United Nations and other agencies in the United Nations system are not listed.

2. Arrangement

Periodicals are listed alphabetically by their latest title. However, if a periodical or serial is issued by a government agency, it is entered under the name of that agency. Similarly, if a title consists of a single generic word such as bulletin (boletim, boletin), journal, review (revue, rivista) etc., it is entered under the name of the issuing organization. A reference is made in all such cases from the title to the name of the issuing organization.

3. Bibliographic Data

Bibliographic data which are provided for each title include the place of publication, the frequency of issuance (see list of abbreviations) and the volume number and/or the year of the beginning of the Library's holdings. In the case of periodicals which are not retained indefinitely, the number of years for which the title is kept is shown rather than the volume number and/or the

*They supersede the List of periodicals and newspapers received, March 1957 (ST/LIB/SER.B/7).

NOTE LIMINAIRE

1. Pour aider le lecteur à tirer le meilleur parti des possibilités qu'elle offre, la bibliothèque à entrepris de publier en plusieurs parties une liste de périodiques et de certaines publications de série qu'elle reçoit régulièrement.* Chaque partie sera consacrée à un sujet d'ensemble. La troisième partie de la série projetée donne une liste de périodiques consacrés à l'économie et à la statistique. Sous "Economie" figurent surtout des périodiques traitant notamment d'analyse théorique et d'études empiriques. A quelques exceptions près, les périodiques dont l'objet essentiel est de fournir des données sur la situation économique nationale ou internationale n'y sont pas mentionnés. Sous "Statistique", on trouvera des périodiques traitant de la théorie et des méthodes statistiques, à l'exclusion de ceux qui contiennent des données statistiques. Les périodiques publiés par l'ONU et d'autres organismes des Nations Unies ne sont pas mentionnés.

2. Disposition matérielle

Les périodiques sont classés dans l'ordre alphabétique de leur titre le plus récent. Toutefois, lorsque des périodiques ou des publications de série sont édités par un organisme gouvernemental, ils sont classés sous le nom de cet organisme. De même, lorsqu'un titre ne comprend qu'un seul mot générique tel que bulletin (boletim, boletin), journal, review (revue, rivista), etc., il est classé sous le nom de l'organisation éditrice. Dans tous les cas de ce genre, le lecteur est renvoyé du titre de la publication au nom de l'organisation éditrice.

3. Renseignements bibliographiques

Les renseignements bibliographiques fournis pour chaque publication comprennent le lieu d'édition, la périodicité (voir liste des abréviations), le numéro du volume et l'année du début de la collection de la bibliothèque. Dans le cas des

year of the beginning of the Library's holdings. Appropriate information is provided in a note when a periodical contains text in more than one language, or is issued in different language editions etc.

4. Loan and Circulation

Location of the periodicals is shown by the call number or the notation "Unclass." at the beginning of each entry. When a call number includes the prefix LSA, the periodical is located in the Legal Branch Library and may be obtained from Room 3455, extension 2512. All other periodicals are located in the Main Library and may be obtained from Room L-1B-10, extension 830. Staff members may also arrange for any periodical to be circulated to them. Requests for circulation should be directed to the Chief, Stack and Loan Section, Room L-105A, extension 2573.

5. Indexes

The list is provided with a subject index and a country of publication index. Both the indexes refer to the serial numbers of the entries in the main part of the list.

6. Supplements

The lists will be kept up to date by issuing supplements at appropriate intervals.

7. Comments and suggestions for improvement of the periodicals collection would be appreciated and should be addressed to the Director of the Library.

périodiques qui ne sont pas conservés indéfiniment, c'est le nombre d'années pendant lesquelles les publications sont conservées qui est indiqué, au lieu du numéro du volume ou de l'année du début de la collection. Lorsqu'un périodique est rédigé en plusieurs langues ou est publié en plusieurs éditions de langue différente, etc., une note le mentionne.

4. Prêt et circulation

La place d'un périodique donné est indiquée par la cote topographique ou la mention "Unclass.", au début de chaque notice. Lorsque la cote topographique comprend le préfixe LSA, le périodique se trouve au fonds juridique; le demander au Bureau 3455, poste 2512. Tous les autres périodiques se trouvent à la bibliothèque principale et peuvent être demandés au Bureau L-1B-10, poste 830. Les membres du personnel peuvent également demander à ce qu'on leur fasse le service de tel ou tel périodique. Ces demandes doivent être adressées au chef de la Section des magasins et du prêt, Bureau L-105A, poste 2573.

5. Index

La liste est accompagnée d'un index des matières et d'un index des pays d'édition. Ces deux index renvoient aux numéros d'ordre des notices dans la partie principale de la liste.

6. Suppléments

Les listes seront tenues à jour au moyen de suppléments qui paraîtront de temps en temps.

7. Les lecteurs qui auraient des remarques ou des suggestions à formuler en vue d'améliorer la collection des périodiques sont cordialement invités à les adresser au Directeur de la Bibliothèque.
